

OKR process

- ✓ Objectives and Key Results will be defined by Department head, team lead and executive together and will be reviewed by Director/MD/HRBP
- ✓ Employees would be filling their Monthly/Quarterly/Yearly objectives and Key Results and filled up target results after that Manager will review the same and put in his own score.
- ✓ Employees need to attach required reports against particular Key Results of the Objective.
- ✓ Each evaluation should be backed by necessary proofs.
- ✓ Manager has to approve all objectives and Key Results by going and reviewing into each and every employee result, if he does not do that, his own OKR should be affected. Timely OKR review should be mandatory and it should be calculated automatically, otherwise, that will be counted as 0 for both manager and employee.
- ✓ Monthly objectives and Key Results must be submitted from employees & reviewed by the Manager before the 10th of each month.
- ✓ "Manager can add new Objectives and Key Results anytime for any employee and can adjust weightages for other objectives and Key Results accordingly. While saving if the total is mismatched then it should not be saved.
- ✓ A few OKRs will be mandatory and that cannot be changed by a manager.
- ✓ HRBP should be able to add/edit OKR for anyone with MD & Director permission and approvals
- ✓ The manager can take a maximum 10 reporting under him for OKR.

System Update & MINOP reminders

- ✓ The entire OKR module should be available on mobile and the web both for all employees.
- ✓ Notifications and reminders should be generated for all employees so that they can finish OKR before the 10th of every month.
